

DT-7000  
**I64A**  
Smart Teller Machine

iBank solution

Card & token issuance

Realtime collaborating service processing

Flexible deployment

Multi-service, better experience

Video interaction

I64A is an intelligent banking terminal designed to ensure easy and seamless migration of multiple banking counter businesses to customer self-service, assisted self-service and remote assistance channels. I64A enables migration of complex counter services and customized financial consulting services to the self-service terminals increasing the efficiency of the counter business, optimizing user experience and cutting operational costs.

# I64A Smart Teller Machine

## Features

**Versatile functionalities:** Providing one-stop business processing platform for customers, satisfy comprehensive business needs such as account opening, card dispensing, contract signing, consultation, etc.

**Counter business migration:** I64A ensures easy and seamless migration of complex counter services to self-service, assisted self-service and remote service channel, providing new real-time collaborative customer interaction model.

**Flexible application deployment scenarios:** I64A is easy to be deployed in branch lobby and 24h service zone as an effective way to expand the banking service channels.

## Specifications

### Controlling Unit

- CPU: Intel 2cores 2.5G; 4GB DDR3; 500GB SATA HDD; TCP/IP interface.
- Windows® 7 /10

### Customer Interfaces

- Display:
  - 19/18.5 inch capacitive (multi-point touch display); 16:9 LCD
  - Second 21.5 inch display(opt.)
  - Electromagnetic pressure sensing pen
- Keypad:
  - Tactile 4\*4 stainless steel keypad
  - PCI compliant EPP
- Card reader/dispenser/printer:
  - Motorized card reader
  - Contactless smart card reader(opt.)
  - EMV 4.0 Level 1 compliant
  - IC/magnetic card dispenser
  - Card dispenser capacity: max. 100 pcs
  - Card return on power failure
  - Retract card capacity: max. 50 pcs
- Token dispenser(opt.)
- Passbook printer(opt.)
- Receipt printer:
  - 80mm graphical thermal printer
  - Capture and retract function
- Video conferencing unit:
  - HD camera
  - Facial camera
  - Video camera
  - Monitoring camera
  - Audio speaker
  - Microphone

- Private handset
- Barcode reader: support barcode and QR code reading
- Optical fingerprint reader(opt.)
- Finger vein(opt.)
- Proximity detector(opt.)

### Document Processing Unit

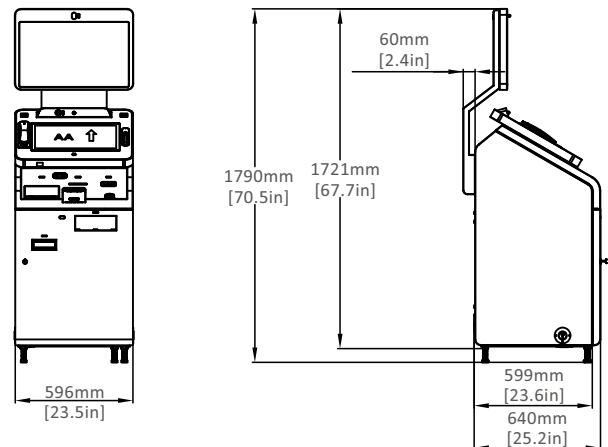

- ID card scanner(opt.)
- A4 document printer(opt.)
- A4 color document scanner(opt.)
- Passport scanner(opt.)

### Communication

- Standard TCP-IP connection
- Wifi: compliant with IEEE802.11ac/a/b/g/n
- Bluetooth 4.0, USB interface

### Working Environment

- Temperature:
  - Indoor: 32°F(0 °C) to 104°F(40°C);
- Relative humidity: 20% to 95% non-condensing

\*The actual capacity is subject to the thickness and fitness of local currency.
